CyberSafety Factsheet

Below are some resources to help support a safe, digital environment.

Program	Brief Overview
Esafety Commisioner https://www.esafety.gov.au/complaints-and-reporting/cyberbullying-complaints/i-want-to-report-cyberbullying 	The eSafety Commissioner has the power to direct a social media organisation to take down offensive material. Using the reporting form students and parents can link evidence with the outcome of most cyberbullying incidents being taken down within 48 hours. https://www.esafety.gov.au/about-the-office/resource-centre/brochure-how-to-report-cyberbullying-material (reporting guide - translated into 15 languages)
Iparent https://www.esafety.gov.au/education-resources/iparent 	This website is funded by eSafety Commisioner. Here you can learn about the digital environment and how to help your child have safe and enjoyable online experiences. The website also includes a resource centre with a variety of parent guides.
Be Deadly Online https://www.esafety.gov.au/education-resources/classroom-resources/be-deadly-online 	This resource is specifically created for Indigenous families. Be Deadly Online is a community program about the big issues online, like bullying, reputation and respect for others. Key issues addressed: • Sexting and respect • Reputation • Responsible online and mobile use.
Family Zone https://www.familyzone.com/au/ 	Family Zone is a paid webfiltering program. Currently downloaded by 350, 000 families Australia wide, the program manages screen time, removes adult content, restricts social media and gives overall cyber support.

Young and E-Safe
https://www.esafety.gov.au/youngandesafe

Young & eSafe is an initiative of the Office of the eSafety Commissioner. The eSafety Office works to keep Australians safer online by providing resources, programs and services which promote positive online behaviour. Young & eSafe is practical advice **by young people, for young people**.Using a series of web videos and real life stories, it is based on giving young people the right skills to help promote positive online experiences.

OurPact
https://ourpact.com

OurPact is a simple family locator and parental control app that allows parents to locate family members and limit screen time by blocking internet and app access. The app in simplicity is free, however add-ons require a monthly fee.
